

First Washington Botanical Symposium

Wednesday, March 15, 2017, 9am –
4pm

- **WiFi code** on **screen at breaks** and at **registration table**
- **Restrooms** in **lobby**; also in **Merrill Hall**
- **Refreshments** served in the **commons/atrium**
- If you had a **special lunch request**, that is indicated with a **plant stamp on the back of your nametag** and there will be a **special lunch with your name on it**, so please do not take from the general pile.
- For everyone else, there will be **an assortment of box lunches with vegetarian and non-vegetarian options**, including salads and sandwiches.
- **Poster session** will be in the **commons/atrium**
- **Otis Douglas Hyde Herbarium**, Merrill Hall, has a display of the **Washington State Noxious Weed Control Board herbarium collection** (during lunch and afternoon break).
- **The Elizabeth C. Miller Library** - inside **Merrill Hall**
- **Symposium URL** on back of your program. Within a few days most of today's presentations will be available there for viewing.
