

## Propose a Class

The mission of the University of Washington Botanic Gardens is sustaining managed to natural ecosystems and the human spirit through plant research, display, and education. Our adult educational programs provide meaningful experiences that enrich participants' understanding of plants and the natural world. Classes and tours connect participants with the latest research and expertise in horticulture, environmental restoration and conservation. We rely on external instructors to offer classes for professionals and the general public.

Your proposed class should fall into one of the categories below:

### Public Classes & Workshops

- Gardening
- Art
- Nature/Ecology

### Professional Development

- Horticulture/Design
- Ecological Restoration
