Washington Park Arboretum

MAY HIGHLIGHTS

Interactive Map for mobile devices: botanicgardens.uw.edu/map

AZALEA WAY
Iconic feature of the Arboretum, part of the original Olmsted design. A ¼ mile path flanked by azaleas, flowering cherries, dogwoods and magnolias against a backdrop of native conifers

WOODLAND GARDEN
Seasonal stream connecting the upper and lower ponds. Rockwork was laid out in 1938. Spring blooms and delicate branching of Japanese maples. One of the oldest parts of the Arboretum

Magnolia species and cultivars
Small to large deciduous and evergreen trees with showy white, cream-yellow or pink flowers. Part of the National Collection

= Arboretum Loop Trail

Mock-Oranges & Deutzia
Deciduous shrubs with abundant, showy flowers (Deutzia) and fragrant bloom (mock-oranges/Philadelphus species)

Paeonia species
Tree peonies
Deciduous shrubs with large, bright yellow, white, pink or red flowers

Rhododendron Glen
Stream cascades among naturalistic rockwork, with many rhododendrons and spring flowers along route to Azalea Way Pond

Stewartia pseudocamellia and Stewartia monadelpha
Stewartia
Small deciduous trees with white, camellia-like flowers and peeling, dramatic multicolored bark

Embothrium coccineum
Chilean fire trees
Medium-sized deciduous trees with blazing orange-red flowers. Attractive to hummingbirds

New Zealand Forest
Small-leaved broadleaf evergreens of dramatic form against sweeps of grasses over 2.5 acres

China Entry Garden
Spring flowering plants highlight this area in the Pacific Connections Garden

12 JAPANESE GARDEN
Authentic, formal 2.5 acre garden admission fee collected

13 THE PINETUM
Conifers
Evergreen and deciduous conifer species from around the world, ½ mile interpretive trail

14 FOSTER ISLAND and ARBORETUM WATERFRONT TRAIL
Collections of oaks, pines and natives plants, access to waterfront trail connecting to the Montlake neighborhood and main UW Campus
